

2022 ASM International Albuquerque Chapter Scholarship

Who May Apply:

Undergraduate students attending a New Mexico university or college and seeking a degree in STEM fields with an interest in materials science and engineering. Applicants must have, at minimum, one full semester on their transcript at the time of this posting and have at least one full semester remaining before graduation as of December 31st, 2022, to be considered. Applications from previous awardees will not be accepted.

Scholarship Award:

The Albuquerque Chapter will distribute up to \$4,000 in scholarships with no single scholarship exceeding \$2,000. Each scholarship recipient will also receive a one-year membership to the Materials Advantage program, providing a combined student membership to ASM International in conjunction with three other materials science and engineering societies (<http://materialadvantage.org/>). Scholarship applicants will be judged based on merit noting their interest in materials science and engineering, future plans, and need.

School Attending: NM Tech ___ U. of New Mexico ___ Other New Mexico university/college (specify) _____
